

Welcome to the Pratt Report! I hope you had a great week! We are working very hard in Jefferson City right now – which makes me really enjoy spending time with my family. Sherry and I enjoyed the beautiful weather this weekend – we did some work in the yard!

I am excited and hopeful about the Kansas City Royals – opening day is this week!

Visitors this Week

I had some great visitors this week! Fire Chief Steve Westerman and Dale Arnold visited this week to discuss fire safety. Eric Doerhoff visited this week to discuss senior citizen issues.

This Week in Jefferson City

This week in Jefferson City was truly bipartisan. The House passed over fifty "consent bills" this week. Consent bills are not controversial and do not cost the state any money. These bills generally pass with strong bipartisan support.

I sponsored two important bills last week. I sponsored a bill prohibiting the placement of spyware on computers – this is important legislation that could protect the integrity of your computer.

I also sponsored a bill creating the Missouri Diabetes Commission – this Commission would identify how the State can improve the treatment and prevention of diabetes. This Commission could improve the lives of Missourians.

Quote of the Week

"As the family goes, so goes the nation and so goes the whole world in which we live."

Pope John Paul II

Have a great week!
